	Women	1/- to 10/-
	Children	0 0 6
	Any person not included under any of the above classes	Such sum as to the Court shall seem fit.

In Criminal proceedings the Court may, if it thinks fit, direct repayment of any fees paid.

No fees are to be taken which would be payable by any public department: but in Criminal proceedings such fees shall nevertheless, where they would ordinarily be payable, be taken as paid for the purpose of assessing any costs which the Court shall direct to be paid; and in cases where if the defendant should be convicted, any prosecutor or informant would in the opinion of the Court be likely to obtain any part of the penalty or forfeiture, the Court may require the fees for service to be paid.

NOTE:—

- (a) In all cases the value of the property involved or the amount of damages claimed, must be stated in the writ of summons.
The value of land which is the subject of any proceedings shall not be taken at less than £50, except by direction of the Court. Where a writ of summons contains a claim for an injunction besides some other claim only half the fee which is payable on an injunction shall be taken. In all other cases where one summons contains more than one claim, separate fees are payable on each claim.
The same fees are payable on a counter-claim as if the claim had been made by summons.
Penalty for under-estimating the amount involved or value of property in question to be three times the fee payable on the full amount or value in addition to the fee already paid.
- (b) Where an officer serves or executes more than one document or writ on the same route, one mileage fee only is to be charged, and it is to be apportioned amongst the documents or writs.
Where the Sheriff or Registrar executes any duty in person by direction of the Court he is entitled instead of mileage fees, to his actual travelling expenses and such travelling allowance as the Court may direct.
The fees paid to the Sheriff and Bailiffs cover all such expenses as cost of paper, preparation and posting up and delivery of notices, hiring and ringing of bells and the like.
For the performance of any duty not expressly provided for, an officer may receive such fee as the Court may allow.
- (c) The parties or either of them may by leave of the Court provide their own interpreter.
- (d) These fees, together with necessary travelling expenses, if any, shall be paid out of the Colonial Treasury to the persons entitled thereto.
- (e) The travelling expenses of witnesses in all civil and criminal causes and at inquests shall be allowed according to the sums reasonably and actually paid.
An officer in the public service when summoned as a witness, except when summoned by the Crown, is allowed costs and travelling expenses as if he were not in the public service.
Where a witness actually attends for less than one hour, he may be allowed only half costs if the Court thinks fit.

OF THE EXPENDITURE.

Increase.			Decrease.			Cause of Increase or Decrease.
£	s.	d.	£	s.	d.	
	..		4,739	0	6	General Note :—The increase of Expenditure over that of the previous year is due to several causes, viz :—the long deferred revision of salaries ; the filling up of vacancies and bringing up to strength the establishments which had been depleted during the war ; the resumption of a programme of development which had been practically in abeyance during the war and the high cost of all materials.

COUNCILS AND ASSEMBLIES.

1921.

The Conditions of appointment to the Executive and Legislative Councils are laid down in the Instructions passed under the Royal Sign Manual and Signet to the Governor and Commander-in-Chief of the Gold Coast Colony, dated the 20th September, 1916.

The members of the Executive Council are the Officers for the time being lawfully discharging the duties of Colonial Secretary, Attorney-General, Treasurer, Principal Medical Officer, Secretary for Native Affairs, and are styled *ex-officio* members.

The Legislative Council consists of the members of the Executive Council, the Comptroller of Customs, the Director of Public Works, the General Manager of Railways, the Commissioners of the Western, Central and Eastern Provinces who are styled *ex-officio* members ; and nine Unofficial Members who are liable to vacate their seats at the end of five years from the dates of the instruments by which they are appointed, or at such earlier dates as may be provided by the instruments appointing them.

The periods of meetings of both Councils depend on the amount of business to be dealt with.

There are no Acts by which the duration and periods of sessions are regulated, but the Councils meet on such days as the Governor determines.

IMPORTS AND EXPORTS
FOR THE YEAR
1921.

PREFATORY NOTE
FOR USE AS AN INTRODUCTION TO THE BLUE BOOK
RETURNS OF IMPORTS AND EXPORTS.

ALL TABLES RELATE TO THE CALENDAR YEAR.

SUMMARY TABLES.

Table 1 shows the total value of imports from each principal country including bullion and specie together with classifications in groups under the four main heads of

1. Food, Drink and Tobacco.
2. Raw materials and articles mainly manufactured.
3. Articles wholly or mainly manufactured.
4. Miscellaneous and unclassified.

A separate column records the particulars in respect of bullion and specie.

Table 2 gives like particulars in regard to Domestic Exports, and table 3 furnishes similar information with respect to Exports.

Table 4 shows the value of total exports to each country by classes.

DETAILED TABLES.

Tables 5 and 6 show in alphabetical order imports and exports of articles from and to each country.

The table relating to imports (table 9) shows separately the "Total Imports" and "Imports for Home Consumption." The total imports include all goods landed and afterwards re-exported. The imports for Home Consumption include goods entered for use in the Colony at the time of importation, and goods cleared for home use ex-warehouse.

Countries to which Imports and Exports are credited.

Imports are classified as received from the countries whence they were consigned. These countries are not in all cases the countries of actual origin, since goods produced in one country may be purchased by a firm in another country and thence despatched after a longer or shorter interval to the Colony. In such a case the second country, being the country of last ownership would be the "Country whence consigned."

Exports are credited in the tables to "Countries of final destination" (when known) i.e. the country to which they are consigned whether that country possesses a seaboard or not.

Method of ascertaining quantities and values of Imports and Exports. The statement of quantities and values are based on the declarations of importers and exporters as subsequently checked by the Customs Officials. Where goods are entered by weight the quantities shown as imported and exported represent the net weight exclusive of packages, sacks, casks etc in which they may be contained.

The values of imports are exclusive of the amount of duty and are "c.i.f."; the values of exports are "f.o.b." values inclusive of export duty.

Imports by parcel post are not classified according to their nature but are separately recorded at the end of the table of imports and are entered according to value.

NOTE The Imperial Conference (para. 12 J) recommended that "Export duties" should be excluded in calculating the "Current, Domestic Value" of goods (see also para. 13 in appendix B page 19 of report).

3. FISHERIES.

Fishing is carried on in practically all the towns and villages on the Coast. In most cases the fish caught are dried and sent up country but no reliable figures are available.

The catches vary enormously and in many districts fishing is only carried on intermittently; as a rule no fishing is done on Tuesdays and Fetish days.

Drift Seine and Ali nets are used and occasionally hook and line.

The boats used are almost entirely canoes; the lack of a deep water harbour rendering the use of steam trawlers an impossibility.

The fish caught are :—

Herring, Skate, Mackerel, Chele, Catfish, Shad, Crayfish, Sole, Turbot, Cod, Turtle, Red Mullet, Lobster, Crab, Oysters and Prawns.

These names do not necessarily represent the exact European equivalent.

The prices vary so much that any figures would be misleading. In some districts fish is exchanged for foodstuffs, but in most cases is sold to inland Towns and Villages. The prices have considerably increased during the past year; this is attributed to the increase in cost of fishing material, and of transport.

In some districts a decrease in the industry of as much as 50% is reported due to the increased cost of materials.

The fishermen engaged are all British subjects.

(b)				A systematic survey of the water power capable of development in the Colony was begun in 1920, but no general report is available.				
The Geological Survey Department of the Colony has been in existence since 1913 and has made several important discoveries,								
No geological map of the Colony has yet been produced, because large tracts of country in the Western and Northern districts are still geologically unknown. These will probably be traversed in 1922-1923, and the map publish in 1923;								
The most important unworked deposit is the Bauxite deposit on Mt. Ejuanema in the Kwahu district. This Concession is in the hands of the Government. On the completion of the Accra Coomassie Railway it is expected that this deposit will be developed.

REMARKS.

- * By "Penal Imprisonment" is meant imprisonment inflicted as a substantive punishment in pursuance of a sentence of a Court of Justice as distinguished from imprisonment for safe custody, &c.
 (a) Under supervision of Prison Superintendent.
 (b) Prison Superintendent in charge when available.
 (c) West Indian Gaoler in charge.
 The remainder are under supervision of District Commissioners.

THESE QUESTIONS ARE TO BE FILLED UP IN RESPECT OF EACH PRISON IN THE COLONY.

Questions.

I. If the prison is on the separate system, is the separation complete? And if not, what is the separation enforced by day and night respectively?

II. If not on the separate system, what provision is there for the supervision of the prisoners while in association?

III. How many cells are there; and how many associated wards?

Answers.

1. There are at present no Prisons in the Colony on the separate system. Secondee Central Prison was originally built on the separate system, but owing to the increase of prisoners it is impracticable to enforce separation, except in the case of a condemned prisoner or for the purposes of punishment. A portion of the building at Accra James Fort Prison also has separate cells but for the same reason separation can only be enforced in exceptional cases.

Apart from the exceptional cases mentioned above, prisoners work and sleep in association.

2. Female prisoners are kept in a separate portion of the prison from the males.

II. The Prisoners work in association both inside and outside the Prison walls, and are at all times under the supervision of Warders.

III. The following table shows the number of associated wards in the various Prisons in the Colony.

Questions.

IV. Taking the *average* number of prisoners in gaol, how many cubic feet of space are there for each prisoner during the hours of sleep ?

And what superficial area ?

V. How are the Prisoners classified ?

VI. Is penal labour—that is, labour by treadmill, crank, or shot drill—in force ?

VII. If so, during what periods of imprisonments, in respect of what classes of prisoners, and during how many hours, is such penal labour enforced ? In stating hours of treadwheel labour, give, first, the total time on and off at the wheel, &c.; secondly the length of spells and intervals of rest.

Answers.

V. The following classifications, in accordance with Regulation 13 of Schedule I to the Prison Ordinance, 1876, are observed :—

Prisoners before trial are kept apart from convicted prisoners :

Juveniles under 14 years of age, from adults, as far as practicable: debtors, from criminal prisoners.

There is a further classification for purposes of labour, etc.,

- (a) Those undergoing hard labour of the first class :
- (b) Those undergoing hard labour of the second class :
- (c) Those undergoing light labour by order of the Medical Officer, and there is a "special" class with certain privileges for well behaved convicts.

VI. There is no labour by treadmill or crank — Shot drill in force, but used only as punishment for offences against prison discipline.

VII. The period of punishment drill does not exceed one hour and a half in the morning and one hour and a half in the afternoon with an interval of at least one hour, the prisoner having been first certified by the Medical Officer to be fit to undergo shot drill.

Questions.

VIII. What kind of labour, other than penal labour, is in use?

IX. If the prisoners are employed beyond the walls of the gaol, state—

*Questions.**Answers.*

XIV. Is there, or are there, any Chaplain or Chaplains of any, and what, religious persuasions?

XIV. There are no Chaplains appointed, but the Clergy of the Society for the Propagation of the Gospel, the Wesleyan, the Scottish, and Roman Catholic Missions visit the various Prisons.

XV. Are religious services regularly, or otherwise, performed for the benefit of the prisoners of any, and if any, what religious persuasion?

XV. At James Fort, Accra, service is held every Sunday either by the Clergyman of the S. P. G. Wesleyan Minister, or Scottish Mission.

At Quittah service of the African Methodist Episcopal Zion Church is held on Sundays.

At St. Jago Fort, Elmina, once a month and occasionally by the Wesleyan Minister, and Roman Catholic Priest on Sundays; at Cape Coast regularly on Sundays, by the Clergyman of the S. P. G.

At Coomassie by a clergyman from the Scottish Mission Society.

At Secondee by a Clergyman of the S. P. G.; also by the Roman Catholic Priest and Wesleyan Ministers.

XVI. Are Roman Catholic Priests and Dissenting Ministers allowed free access to prisoners of their own persuasion? And are they apprised when prisoners of their respective persuasions enter the prison?

XVI. Yes,—but at the prisoner's own request, or in cases of prisoners under sentence of death. It is not, however, customary to apprise them when prisoners of their respective persuasions enter the prison.

Questions.

XVII. What provision is made for the education of prisoners?

XVIII. On what conditions are remissions of imprisonment granted?

XIX. Have Coroner's Inquests been held on every occasion of a death in prison during the past year? And what were the verdicts?

XX.

1. What was the sanitary state of the prisons during the year 1920?

2 What were the prevailing diseases?

XXI. What are, shortly, the rules as to Diet?

Answers.

XVII. None.—They are provided with books if they ask for them and can read.

XVIII. Every convict sentenced to penal Servitude or imprisonment for two years or upwards has his time of detention represented by a certain number of marks. and, if, in accordance with the Rules in force, he by hard and steady labour earns that number of marks before the expiration of the term for which he be sentenced, he shall be discharged.

Every such Convict may earn a remission of one fourth part of his sentence less the first three months.

Remissions are also granted by the Governor as acts of grace upon the recommendation of the Chief Justice or Inspector General of Prisons or Medical Officer.

XIX. Yes. The verdicts were all deaths from natural causes or by hanging in execution of the sentence of the Court.

XX.

1. Generally good except the following:—

Saltpond.—The M.O. reports buildings, accommodation and sanitation remain what they have been for years; and the health of the prisoners is as much as usual.

Winnebah.—The M.O. reports, very fair for such an old building.

Elmina.—Very badly ventilated old Fort most unsuitable for prison.

Dunkwa.—The M.O. reports, satisfactory considering conditions.

Ejura.—The M.O. states, the building is badly ventilated.

Axim.—The ventilation of the Prison has been improved, but cannot even yet be considered satisfactory.

(4) MOTOR SERVICES.

Brief description of Route.	Whether owned or worked by Government, or by private body.	Length of Route. — Miles.	Description of Vehicle.	Passenger Receipts.	Goods Receipts.	Total Receipts.	Total Expenditure.	Remarks.

Government Officials are provided with motor cars and lorries on tour or transfer where the roads are open for such traffic and when it is in the interest of the Public Service that such transport should be used.
Commercial firms let out cars and lorries for hire for similar journeys, but the rates are variable and no figures can be given—There is little doubt, however, but that the motor transport part of their business gives good returns.

PORTS AND HARBOURS.

There are no harbour facilities in the Gold Coast except at Secondee and Accra.

Ships lie in open roadsteads and are worked by surfboats at Axim, Cape Coast, Half Assinie, Quittah, Addah, Winnebah and Saltpond which have resident officers of Customs.

Dixcove, Elmina, Atuabo and Appam are sufferance wharfs, and Customs Officers attend by arrangement.

At Secondee a small breakwater encloses a limited sheltered area for Surfboats, Launches and Lighters which can be discharged direct on to jetties which are provided with cranes capable of a lift up to 10 tons.

At Accra a small breakwater provides a small sheltered area for Surfboats only. A jetty is being constructed which when completed will enable cargo to be landed direct from lighters and surfboats. At present heavy articles have either to be floated ashore or conveyed on rafts constructed of Surfboats lashed together, and are hauled up the beach by means of cranes.

At Addah bar boats are in use capable of towing hundred ton lighters across the bar and alongside the wharf.

The scheme for a deep water harbour at Takoradi has been approved and work is in progress.
